

Communist Race Theory or Critical Race Theory (CRT) - Which is it?

By: Robert Antonellis, PatriotsSOAR and Concerned Humanity

A Chinese American woman, with wisdom, who survived Mao's Cultural Revolution in China, before immigrating to the U.S., Xi Van Fleet, of Fairfax County, Virginia, is alerting us that the Justice Department and National School Boards Association are using known "communist tactics," similar to ones she saw Communist China use to stop parents from speaking out. Here's what she says:

"When I was in China, I spent my entire school years in the Chinese Cultural Revolution, so I'm very, very familiar with the communist tactics of how to divide people, how they canceled the Chinese traditional culture, and destroyed our heritage," Xi Van Fleet told Fox News. "And all this is happening here in America."

"They called them racists for a long time, but that did not work," Van Fleet said, referring to the parents who have spoken out about critical race theory. "So, they have to upgrade to domestic terrorists. [So] now they are labeling parents and concerned citizens, like me, as domestic terrorists. What that can do? You can lose your freedom! I do have a question. What's next step? Is the Tiananmen Square crackdown next? Will parents one day risk their lives just to speak out for their children? That's why I'm here."

If she's right - and she is - what are the roots of all this? Well, there are interesting hidden roots. Let's take a look.

On January 10, 1963, Congressman Albert S. Herlong Jr. of Florida read a list of 45 Communist goals for America into the Congressional Record. The list was derived from author-researcher Cleon Skousen's book *The Naked Communist*. Why didn't we hear of this?? Because the textbooks were rewritten by certain foundations, which said, "*The future belongs to collectivism.*" Collectivism is Communism. But, that's another article. Here's point 32 of the 45-point plan read into the Congressional Record.

"32. Support any socialist movement to give centralized control over any part of the culture – education, social agencies, welfare programs, mental health clinics, etc."

So, we see, the situation is systemic, as Van Fleet suggests, and there were plans put in place, over time, to infiltrate and subvert our American systems to convert us to a communist country. Details of how they went about accomplishing this are voluminous, but let's take a look at some of it.

First, it's important to understand that everything they do is by deception.

“Communism is the death of the soul. It is the organization of total conformity - in short, of tyranny - and it is committed to making tyranny universal.” – Adlai Stevenson I, 23rd U.S. V.P.

“100 Years of Communism—and 100 Million Dead – The Bolshevik plague that began in Russia was the greatest catastrophe in human history.” - Wall Street Journal

Enemy Operatives in America - Not So Closet Communists... Chaos and Carnage

Chairman Mao Zedong, who sparked the Cultural Revolution in Communist China (1966-1976) had written a book in 1930 with the message that, ***"A single spark can start a prairie fire,"*** suggesting ideas for how to accelerate the agenda for Communist revolution, which worked very well.

Bill Ayers' Weather Underground (WU) liked Mao's radical ideas so much that it wrote a book by the same name to seed them.

In 1974, the book *Prairie Fire: The Politics of Revolutionary Anti-imperialism* emerged as an ideological statement by the Weather Underground.

By the summer of 1974, 5,000 copies had surfaced in coffee houses, bookstores and public libraries throughout the U.S. Leftist papers praised the manifesto. The Weather Underground needed help from the above ground community to distribute the book. Over 40,000 copies were distributed and groups were created to discuss the seductive deadly ideology in vogue in that day.

Seeds of insanity sown by the sparks of Mao's "Prairie Fire." Are we at risk for such as this in today's politically poisonous climate? Well, let's see what Bill Ayers says, in his own words.

"We are a guerrilla organization. We are communist, women and men, underground in the United States, for more than four years."

"We need a revolutionary communist party in order to lead the struggle, give coherence and direction to the fight, seize power and build the new society."

- From Ayers and Dohrn's book, *Prairie Fire: The Politics of Revolutionary Anti-imperialism*

"Sometimes innocent people have to die in a revolution."

- Bill Ayers, as quoted by Larry Grathwohl, FBI Undercover Whistleblower and Author

“Kill all the rich people. Break up their cars and apartments. Bring the revolution home, kill your parents, that’s where it’s really at.” – Bill Ayers, Founder of The Weather Underground; Bill Ayers & Bernardine Dohrn, Authors of *Prairie Fire, The Politics of Revolutionary Anti-Imperialism* (1974).

“We’re against everything good and decent.”

- Bill Ayers at the Weather Underground War Council Meeting in Flint, Michigan, on December 27, 1969

And how about Bernardine Dohrn’s own words? Like her infamous quote about the Manson murders of August 1969:

“Dig it! First, they killed those pigs, then they ate dinner in the same room with them. They even shoved a fork into the victim’s stomach! Wild! The Weathermen dig Charles Manson.”

- Bernardine Dohrn

“...I’ve listened to her speak and I’ve witnessed her viciousness.”

- Larry Grathwohl, FBI Undercover Whistleblower and Author, speaking of Bernardine Dohrn

Self-Described Communist Radical Revolutionaries’ “Declaration of a State of War” Against America

And, what about the Weathermen Underground’s formal Declaration of a State of War, as read aloud by Bernardine Dohrn, and aired on May 24, 1970, a declaration never rescinded...

“Hello. I’m going to read a declaration of a state of war. This is the first communication from the Weathermen Underground.

Kids know the lines are drawn. Revolution is touching all of our lives.

Freaks are revolutionaries and revolutionaries are freaks.

If you want to find us, this is where we are. In every tribe, commune, dormitory, farmhouse, barracks and townhouse, where kids are making love, smoking dope, and loading guns. Fugitives from American justice are free to go.

Within the next 14-days, we will attack a symbol or institution of American injustice.”

So, if their open Declaration of a State of War was never rescinded, where did they go? Did they go underground? What have they been doing since? Have they been mild-mannered professors?

Weather Underground radical Communist revolutionaries, Bill Ayers' and Bernardine Dohrn's 1968 & 1969 "perp pics" now, free as a bird respectable academics and activists.

And, how did a nice guy like Bill Ayers get intimately involved with the creation of Common Core, the now universal standard for education in America?

Undercover Operatives in America? Infiltrating Education?

Well, yes, they became professors. And, along the way, they got friendly with the Obamas and, reportedly, babysat their kids. They even launched Obama's political career from their own Chicago living room. Yet, Obama described Ayers as *"a guy from the neighborhood"*, as if the Obamas barely knew him. But, there are strong indications of a long association among the Obamas, Ayers and Dohrn, of many years; with joint involvement in various projects, including the Chicago Annenberg Challenge (1995-2001), a Chicago Public Schools reform project and prototype for - guess what - Common Core.

Questions:

- 1) So, why are we teaching our kids with his curriculum?
- 2) What's this destructive, dangerous guy doing creating our kids' curriculum? Is he involved with Critical Race Theory (CRT), an extension of Common Core, which teaches black victimhood and demonizes whites, instigating disharmony and confusion among our kids?

Consider this toxic Ayers' quote about black people, according to Larry Grathwohl, FBI Undercover Whistleblower and Author:

"Blacks can be used for the revolution. But, they can be sacrificed as part of the revolution, as well. Indeed, like the Muslims, they are cannon fodder for the revolution." - Bill Ayers

Again, what's this toxic guy doing creating the universal curriculum for our kids?

Let's reach back again.

Radical Activities of the Weather Underground Headed by Dohrn and Ayers

From 1969 through the 1970's, Ayers, Dohrn and the WU participated in over 100 bombings and violent radical activities, including the bombings of the NYC Police Headquarters, the U.S. Capital Building (Senate side) and U.S. Pentagon, in Washington, D.C., the Haymarket Police Statue dedicated to fallen police (bombed, rebuilt and bombed again) and the infamous Days of Rage Riots, in Chicago. Oddly, Dohrn spent only 6 months in jail and Ayers, just 10 days in jail. [for 100+ bombings?]

On the courthouse steps, Ayers said: ***"Guilty as sin; free as a bird; God, I love America!"***

Mild-mannered professors, or are radical communists, Ayers and Dohrn (WU), still in the mix overseeing operations and infecting our kids' curriculum?

And, who are the real "domestic terrorists"? Concerned parents who wish to protect their children from what is effectively communist mind control twisting their kids? Or, ...

As we can see, the Maoist *Prairie Fire* wicked ideology is poisoning society, over decades, by deception, including infecting crucial education and corrupting our kids. To the point of even turning children against parents. This is evil in our midst. This can't stand. With the current state of rage, in America, the country is combustible. We must now act decisively to identify the real enemy [subversive communism], and put out the fire, or what's next?
